Global Commodity Trading, Energy Supply & Vessel Chartering

ametheus.com/

Ametheus is a technology-driven global enterprise operating across three core sectors: **commodities trading**, **chartering** and **consultancy in trade finance**. We specialise in trading and chartering of petroleum products, agri products (grains, pulses, feed ingredients), metals & minerals, chemicals and fertilisers. We simplify complex cross-border transactions by structuring import finance solutions — including Letters of Credit (LCs) — for buyers and sellers worldwide.

TRADE

Physical trading of energy, agri commodities, chemicals, fertilizers, minerals and Indian rice — FOB / CIF / CFR.

CHARTER

Voyage, time-charter, COA and bareboat fixtures for tankers and dry bulk; vessel sale & purchase.

FINANCE

Structured trade finance consultancy: LC structuring, import credit lines and supply chain finance.

Business verticals

- ▸ Vessel Chartering
- ▸ Oil & Gas

How to use this catalogue

This catalogue follows the menu order of ametheus.com: company profile, chartering, energy (oil & gas), commodities, rice, and consultancy (trade finance & technology), ending with contact details. Each entry gives a short summary and the live web address, where full specifications, certificates of analysis and enquiry forms are available.

BUSINESS PROFILE

About Ametheus Holdings Private Limited

ametheus.com/business-profile-of-ametheus/

Overview

Ametheus is a technology-driven global enterprise operating across three core sectors: commodities trading, chartering and consultancy in trade finance. It specialises in trading and chartering of petroleum products, agri products (grains, pulses, feed ingredients), metals, minerals, chemicals and fertilisers, and structures import finance solutions — including LCs — for buyers and sellers worldwide. The promoters have 27 years of operational experience in commodity trading and trade finance.

Trading

Ametheus acts as an intermediary between customers and suppliers, simplifying complex transactions while ensuring demand and contractual obligations are met, and continuously assessing economic, social and political risk across markets. With specialised expertise, it helps customers select from a wide range of raw materials and grades, and helps suppliers place products with the most suitable buyers and destinations — the right product, at the right place, time and price.

Chartering

Professional vessel chartering support for traders, refiners and industrial buyers moving petroleum products, LPG, LNG, dry bulk agri parcels, minerals and building materials — combining market intelligence, strong shipowner and operator relationships and disciplined execution to secure suitable tonnage on competitive terms.

Consultancy

Structured trade finance (including LC structuring), due diligence, risk mitigation and strategy consulting tailored to each client, grounded in innovation and practical problem-solving.

ERW

As participants in the food supply chain, Ametheus has developed expertise in conditioning topsoil and permanently removing CO_2 through Enhanced Rock Weathering — turning farmland into carbon sinks while remineralising the soil.

SECTION 02

About Ametheus

How Ametheus thinks and works: strategy and guiding philosophies.

- Strategy
- Philosophies

Strategy

Ametheus supports clients with target market analysis — evaluating market dynamics, regulatory barriers and the competitive landscape to find entry and growth opportunities. The team also advises on strategic alliances, joint ventures, commercialisation and licensing, and can assist in arranging trade finance (LC) so trading activity can proceed smoothly.

- Target market analysis & market penetration
- Strategic alliances & joint ventures
- Commercialisation, partnership & licensing strategy
- LC arrangement support for trade execution

Full specifications & enquiry: ametheus.com/strategy/

Philosophies

Ametheus has adopted five Japanese philosophies as core business principles to build a high-quality, resilient and purpose-driven organisation.

- Kaizen — continuous, incremental improvement
- Ichigo Ichie — treat every meeting as unique
- Shokunin — the craftsman spirit in every task
- Ikigai — a clear reason for being
- Gaman — endurance with dignity

Full specifications & enquiry: ametheus.com/philosophies/

SECTION 03

Chartering

Voyage, time-charter, COA and bareboat support for tankers and dry bulk, plus vessel sale & purchase.

- Chartering overview
- Tanker Chartering
- Dry Bulk Vessel Chartering
- Contract of Affreightment (COA)
- Vessel Sales and Purchase

CHARTERING · OVERVIEW

Chartering

ametheus.com/chartering/

Ametheus provides professional vessel chartering support for traders, refiners and industrial buyers moving petroleum products (crude, LPG, LNG, fuels and chemicals), dry bulk agri parcels, minerals and building materials. It combines market intelligence, strong relationships with shipowners and operators, and disciplined execution to secure suitable tonnage on competitive terms — from a single voyage charter to Time Charter Period (TCP) or Time Charter Trip (TCT) coverage.

Vessel types

- Crude tankers: VLCC/ULCC, Suezmax, Aframax/Panamax
- Product tankers: Handysize/MR, LR1/LR2
- LNG & LPG carriers, shuttle tankers, barge tankers
- Dry bulk: Handysize, Handymax, Panamax, Capesize

How we work

- Enquiry acknowledged the same working day
- Market screening and vessel shortlist
- Negotiation of freight/hire, laycan, demurrage and key clauses
- Fixture recap and Charter Party (BIMCO or customary forms)
- Post-fixture operational follow-up until voyage completion

Services in this section

- Tanker Chartering
- Dry Bulk Vessel Chartering
- Contract of Affreightment (COA)
- Vessel Sale & Purchase

CHARTERING SERVICES

Tanker Chartering

Voyage and time charter support across the tanker spectrum, from VLCC and Suezmax to Aframax and MR, for crude, LNG, LPG, clean (CPP) and dirty (DPP) petroleum products. The page explains loadability, tanker types, charter agreement types, Worldscale-based negotiation and payment terms.

- Crude (DPP), CPP product and specialised gas tankers
- Voyage, time, bareboat charters and COA

Full specifications & enquiry: ametheus.com/tanker-chartering/

Dry Bulk Vessel Chartering

Reliable, cost-effective dry bulk chartering for agricultural products, minerals and industrial commodities worldwide, backed by shipping brokers and market analysts. Covers Handysize, Handymax, Panamax and Capesize tonnage, charter types, market practice and payment terms.

Full specifications & enquiry: ametheus.com/dry-bulk-vessel-chartering/

Contract of Affreightment (COA)

A Contract of Affreightment is a multi-voyage contract in which the owner moves an agreed volume or number of liftings over a set period, nominating a suitable vessel for each lifting. It suits traders, refiners and terminal operators with repeated liftings who do not need a named ship for a continuous period. The page covers structure, standard forms, nomination, substitution and freight.

Full specifications & enquiry: ametheus.com/contract-of-affreightment-coa/

Vessel Sales and Purchase

Ametheus's Sale & Purchase desk guides vessel transactions end-to-end — newbuildings, second-hand resale, demolition sales and green recycling. Coverage includes tankers, LPG/LNG carriers, chemical carriers, dry bulk, offshore vessels, passenger ships and yachts.

Full specifications & enquiry: ametheus.com/vessel-sale-and-purchase/

SECTION 04

Energy · Oil & Gas

Crude oil and refined petroleum products from verified refineries, with independent inspection and full documentation.

- Petroleum Products overview
- Crude oil grades
- Refined products: LPG, diesel, gasoline, jet fuel, fuel oils
- Our role in oil & gas trading

ENERGY · OVERVIEW

Petroleum Products

ametheus.com/petroleum-products/

Ametheus supplies petroleum and refined products to industrial buyers, distributors, power generators and maritime operators across five continents. Cargoes are sourced from verified, licensed refineries, independently inspected and supported by complete shipping documentation. Ametheus operates exclusively in physical cargo trade, with every transaction structured through a Sale & Purchase Agreement.

Portfolio at a glance

- Crude oil
- Diesel ULSD 10 ppm (EN 590 · ASTM D975)
- Gasoil D2 (ISO 8217 · GOST)
- Fuel oil CST 180 / CST 380
- Jet A-1 (DEF STAN 91-091)
- Base oil SN 150 · SN 500 · BS 150
- Naphtha light/heavy · Bitumen 60/70 · 80/100 · PMB
- Solvents, petcoke, petrochemicals

Trade parameters (typical)

- Minimum order: 30,000 MT (refined products)
- Incoterms: FOB · CIF · CFR
- Inspection: SGS / BV / Intertek
- Refinery origins incl. Mediterranean, Black Sea, Middle East, Baltic

CRUDE OIL

Crude Oil

Structured crude oil transactions for refinery-level buyers, national oil companies and institutional traders, coordinated through verified production sources and authorised export terminals with independent third-party inspection and full documentation.

- Minimum order 1M+ BBL; API range 20°–45°
- FOB · CIF · CFR; inspection by SGS / BV / Intertek
- Grades include Basrah Medium and Bonny Light

Full specifications & enquiry: ametheus.com/crude-oil/

Basrah Medium Crude Oil (BMCO)

A plain-language buyer briefing on Basrah Medium crude, based on an Intertek Caleb Brett assay (~27.9° API, ~3.38% sulphur). It explains product yields, cut-by-cut quality, contaminants and metals, and which refiners the grade suits.

Full specifications & enquiry: ametheus.com/basrah-medium-crude-oil-bmco/

Bonny Light Crude Oil (BLCO)

A buyer briefing on Bonny Light, a light sweet crude (API 34.9, sulphur 0.15 wt%), summarising yields, cut quality and its relatively clean contaminant profile, presented alongside the BMCO note for side-by-side comparison.

Full specifications & enquiry: ametheus.com/bonny-light-crude-oil-blco/

Light Crude for Diesel Production

Ametheus evaluates crude grades for Indian refiners on middle-distillate (diesel) yield, sulphur handling, supply reliability and fit with India's complex refining infrastructure, concluding with a recommended shortlist for the Indian market.

Full specifications & enquiry: ametheus.com/light-crude-for-diesel-production/

REFINED PRODUCTS & LPG

LPG

Propane and butane supply for importers, with guidance on pressurised vs. refrigerated LPG, supply options by VLGC, MGC and ISO tank, and an indicative commercial specification and blend suited to South Asian buyers.

Full specifications & enquiry: ametheus.com/lpg-liquefied-petroleum-gas/

Diesel EN590 10 PPM (ULSD)

Ultra-low-sulphur diesel to EN 590 (max 10 mg/kg sulphur) — the Euro 5/6 grade for road transport. The page provides product identification, compliance notes, a full EN 590 technical specification table and Ametheus's tanker supply capability.

Full specifications & enquiry: ametheus.com/diesel-ulsd-en590-10ppm/

Light Diesel Oil

Light Diesel Oil per BIS 1460 (Class C, flash point above 66 °C; HS 27101943) for low-RPM engines, irrigation pumps, DG sets, boilers and furnaces. A sample certificate of analysis is provided.

Full specifications & enquiry: ametheus.com/light-diesel-oil/

RON 92 Unleaded Gasoline 5PPM

RON 92 unleaded gasoline with sulphur max 5.0 mg/kg for spark-ignition engines and catalytic-converter vehicles, with a full quality specification and ASTM test methods.

Full specifications & enquiry: ametheus.com/ron-92-5ppm/

RON 92 Unleaded Gasoline 10PPM

RON 92 unleaded gasoline at 10 ppm sulphur for spark-ignition engines, with the complete quality specification and ASTM test methods.

Full specifications & enquiry: ametheus.com/ron-92-unleaded-gasoline/

Jet A-1 Fuel

Kerosene-grade turbine fuel for commercial and private aviation: flash point min 38 °C, freezing point max −47 °C, density 775–840 kg/m³, per ASTM D1655 / DEF STAN 91-91. Kerosene for industrial use is also offered.

Full specifications & enquiry: ametheus.com/jeta1-fuel/

Furnace Oil CST 180

Fuel oil CST 180 for marine and industrial heat and power generation, with product specification and a sample certificate of analysis.

Full specifications & enquiry: ametheus.com/furnace-oil-cst180/

Furnace Oil CST 380

Fuel oil CST 380 for marine and industrial applications, with product specification and a sample certificate of analysis.

Full specifications & enquiry: ametheus.com/furnace-oil-cst-380/

OUR ROLE IN OIL & GAS TRADING

Our Role in Oil & Gas Trading

Ametheus acts as a reseller representing the exit buyer between customers and suppliers, managing risk and securing contractual commitments through the LC mechanism. It charters ships to move crude, oil products and pressurised gas, and works as a broker on verified opportunities — from KYC to SPA and logistics — rather than holding its own inventory.

Full specifications & enquiry: ametheus.com/our-role-in-oil-gas/

SECTION 05

Commodities

Agri and food commodities, feed ingredients, chemicals and polymers, fertilizers, and energy minerals and metals.

- Commodities overview
- Agribusiness, grains, pulses, nuts, coffee, tea, sugar, oils & spices
- Animal & poultry feed ingredients
- Chemicals, petrochemicals & polymers
- Fertilizers
- Coal, petcoke, ores & metals

COMMODITIES · OVERVIEW

Commodities

ametheus.com/commodities/

Ametheus supplies a diversified portfolio of physical commodities and industrial products to international markets — energy products, base oils, petroleum derivatives, food commodities, grains & oilseeds, metals and industrial raw materials. Supply is built around reliable sourcing, coordinated logistics and consistent cross-border delivery under Incoterms 2020.

Core product groups

- Energy & fuel products
- Base oils & lubricants
- Petroleum products (paraffin wax, bitumen, asphalt)
- Fertilizers
- Food commodities (tea, coffee, edible oils, sugar, pulses, spices)
- Grains & oilseeds
- Metal products
- Industrial raw materials (chemicals, iron ore, bauxite, etc.)
- Plastics & packaging
- Jute: raw jute & jute sliver

In this section

- Agri & food: grains, pulses, nuts, coffee, tea, sugar, oils, spices
- Animal & poultry feed ingredients
- Chemicals, petrochemicals & polymers
- Fertilizers
- Coal, petcoke, ores & metals

AGRI & FOOD COMMODITIES

Agribusiness

Ametheus supplies a broad agro-products range, backed by an experienced team and deep understanding of global agri markets.

- Grains & oilseeds: corn, wheat, barley, soybean, mustard, rapeseed, sesame
- Pulses: toor, red & yellow lentils, yellow peas, kidney beans, chickpeas
- Feed ingredients, sugar (ICUMSA 45/100–150), wheat flour, coffee & tea
- Basmati and non-basmati rice

Full specifications & enquiry: ametheus.com/agribusiness/

Contract Farming

An explainer on contract farming — agreements between producers and buyers on price, quality and quantity before harvest — covering the centralised, multipartite, informal, intermediary and nucleus estate models and their benefits.

Full specifications & enquiry: ametheus.com/contract-farming/

Rice

Indian basmati and non-basmati rice for export, with a simple sourcing process: inquiry, quotation with samples, lab-tested sample approval, contract (LC/TT/CAD), third-party QC (SGS/Intertek) and shipment.

- Basmati: 1121, 1401, 1509, 370, Pusa, Sharbati, Sugandha; brokens
- Non-basmati: IR 64, IR 36, PR 11, PR 47, Swarna, Sona Masoori, aromatic

Full specifications & enquiry: ametheus.com/rice/

Corn

Non-GMO yellow maize for feed mills and food use. The page compares specifications by origin (India, Myanmar, Brazil, Ukraine, USA) and details Ametheus India Grade A (aflatoxin 20 ppb max) and Grade B feed grades, plus packaging and procurement.

Full specifications & enquiry: ametheus.com/corn/

Wheat

Wheat specifications compared by country and grade for millers and importers, including Indian durum wheat valued for gluten strength in bread and pasta, with an analysis summary.

Full specifications & enquiry: ametheus.com/wheat/

Wheat Flour

All-purpose wheat flour for pies, pastries, cakes and bread. Packed in 1–25 kg PP or kraft paper bags and 50 kg PP bags; 22.5 MT per 20 ft FCL; 12-month shelf life.

Full specifications & enquiry: ametheus.com/wheat-flour/

Yellow Peas

Yellow peas (field peas, HS 07131010) — a major Indian import commodity — supplied as whole and split grades for food and feed use, with packing and export terms.

Full specifications & enquiry: ametheus.com/yellow-peas/

Chickpeas

Bulk chickpeas for importers, processors and food brands — the base for hummus, gram flour and falafel. The page covers uses, types and specifications; packing options on request.

Full specifications & enquiry: ametheus.com/chickpeas/

Red Lentils

Red lentils in football (whole, dehulled), whole-with-husk and split forms, packed in 15–50 kg PP bags with custom packing and private label. Includes a size and origin matrix with full India and Nepal specifications.

Full specifications & enquiry: ametheus.com/red-lentils/

Toor (Pigeon Peas)

Toor (pigeon peas) whole and split for importers and mills, with emphasis on Myanmar origin: quality grades, physical characteristics, packing and shipment options, and sample inspection.

Full specifications & enquiry: ametheus.com/toor-pigeon-peas/

Black Matpe (Urad)

Black matpe (urad / black gram), a nutrient-rich legume, offered as whole huskless gota and split chilka, with varieties and nutrition details.

Full specifications & enquiry: ametheus.com/black-matpe-urad/

Raw Cashew Nut (RCN)

Raw cashew nuts in shell from Benin, Ghana, Guinea-Bissau, Conakry, Tanzania and Indian origins as available, with specification and nut-count explanation.

Full specifications & enquiry: ametheus.com/raw-cashew-nut-rcn/

Jute Sliver

Semi-processed jute sliver — the step between raw jute and spun yarn — in Tossa and Mesta grades, supplied in 13 kg rolls for spinning mills, nonwovens, twine and export buyers (wholesale and export only).

Full specifications & enquiry: ametheus.com/jute-sliver/

Coffee Beans

Indian Arabica and Robusta coffee in green and roasted grades for cafés, roasters and green-coffee importers. MOQ 9 MT per order.

Full specifications & enquiry: ametheus.com/coffeebeans/

Tea

Indian tea for blenders and importers in Orthodox (leaf) and CTC (granular) varieties, with packaging from paper boxes and tea bags to tins, gift packs and instant premix; blending in a HACCP/GMP-certified warehouse.

Full specifications & enquiry: ametheus.com/tea/

Orthodox Tea

Aalphaa orthodox tea in greenish (Aalphaa Spring) and blackish (Aalphaa Copper) styles, across six grades from SFTGFOP1 whole leaf through broken, fannings and dust. Grade sheets, samples and bulk pricing on request.

Full specifications & enquiry: ametheus.com/orthodox-tea/

Darjeeling Tea

A handpicked collection of Darjeeling loose-leaf teas — thin, light-coloured leaves known for their floral aroma — available as samples or bulk.

Full specifications & enquiry: ametheus.com/darjeeling-tea/

Sugar

Refined white sugar ICUMSA 45 (beet and cane) and brown/raw sugar for industrial and retail buyers, bulk or bagged on FOB/CIF terms.

- ICUMSA 45 RBU; polarisation 99.80% min
- Ash 0.04% max; moisture 0.04% max

Full specifications & enquiry: ametheus.com/sugar/

Crude Degummed Soybean Oil

Crude degummed soybean oil with key limits — FFA max 1.00%, moisture max 0.20%, impurities max 0.10% — and a clear price-discount mechanism for out-of-range parameters.

Full specifications & enquiry: ametheus.com/crude-degummed-soybean-oil/

Turmeric

Indian turmeric finger, bulb and powder processed to defined curcumin levels, with regional variants (Lakadong, Alleppey, Madras, Sangli) and pack sizes from 10 g to 25 kg.

Full specifications & enquiry: ametheus.com/turmeric/

Black Cardamom

Big (black) cardamom from the Eastern Himalayas — India, Nepal and Bhutan — with commercial grades by size, a specification sheet, inspection guidance and packing.

Full specifications & enquiry: ametheus.com/black-cardamom/

Green Cardamom

Small green cardamom exported directly from Guatemala and India (and Sri Lanka), with ready stock of Guatemalan grades held in Dubai, Singapore and the Netherlands for prompt shipment.

Full specifications & enquiry: ametheus.com/cardamom/

Pepper

Whole black pepper from Vietnam, Brazil and India, and white pepper from Vietnam, Brazil and Indonesia, in a wide range of grades to international market standards.

Full specifications & enquiry: ametheus.com/pepper/

Cloves

Whole cloves — dried flower buds of Syzygium aromaticum — sourced from growers in Madagascar, Brazil and Indonesia, with grade details.

Full specifications & enquiry: ametheus.com/cloves/

Red Chilli

Indian dried red chilli including Sannam S4/334 (18,000–22,000 SHU) and Teja S17, with pungency and ASTA colour values; samples and pricing on request.

Full specifications & enquiry: ametheus.com/red-chilli/

ANIMAL & POULTRY FEED

Animal & Poultry Feed

Feed ingredients for poultry, cattle and fish feed mills — soybean meal, corn, DDGS, rice bran and oilseed meals — supplied in bulk vessels or containers.

Full specifications & enquiry: ametheus.com/animal-poultry-feed/

Soybean Meal

High-protein soybean meal from India, Ukraine and Brazil in regular and HiPro variants, with production background and technical specifications for feed mills.

Full specifications & enquiry: ametheus.com/soybean-meal/

Rice Protein Meal

Rice protein (gluten) meal, 60% min protein from non-GMO rice, with low aflatoxin and high amino acids — used in pet food, aqua and poultry feed to partially replace soybean meal.

Full specifications & enquiry: ametheus.com/rice-protein-meal/

Rice DDGS

Rice DDGS — a protein-rich co-product of rice-based ethanol — for livestock, poultry and aqua feed, with product specification and bulk supply from India.

Full specifications & enquiry: ametheus.com/rice-ddgs/

De-Oiled Rice Bran (DORB)

De-oiled rice bran from rice milling and oil extraction, retaining nutrient-rich outer grain layers with reduced fat. Technical specification and farm-level data for poultry and cattle feed.

Full specifications & enquiry: ametheus.com/de-oiled-rice-bran-dorb/

Corn DDGS

Corn DDGS from dry-mill ethanol production for poultry, cattle and aqua feed, with a side-by-side USA vs. Indian comparison of protein, fat and fibre.

Full specifications & enquiry: ametheus.com/corn-ddgs/

Corn Gluten Feed (CGF)

Corn gluten feed from wet milling (about 18–20% protein) — a cost-effective, digestible ingredient for cattle, pig and poultry rations — with specification and packaging.

Full specifications & enquiry: ametheus.com/corn-gluten-feed-cgf/

CHEMICALS, PETROCHEMICALS & POLYMERS

Phosphoric Acid

Phosphoric acid (H_3PO_4, CAS 7664-38-2) in technical, fertilizer and food grades at 75% and 85% concentration, for phosphate fertilizers, food & beverage, detergents and water treatment.

Full specifications & enquiry: ametheus.com/phosphoric-acid-h%e2%82%83po%e2%82%84/

Caustic Soda

Caustic soda (NaOH) flakes and pearls (99% min) and 48–50% lye, membrane grade, in bags, ISO tanks and bulk on FOB and CFR/CIF — for alumina, pulp & paper, soaps, textiles and water treatment.

Full specifications & enquiry: ametheus.com/caustic-soda/

Methanol

IMPCA / Grade AA methanol (99.85% min) in bulk parcels and ISO tanks on FOB, CFR/CIF and ex-tank terms — a building block for formaldehyde, acetic acid, MTBE and olefins.

Full specifications & enquiry: ametheus.com/methanol/

Mono Ethylene Glycol (MEG)

Fibre-grade mono ethylene glycol (99.9% min) for polyester fibre, PET resin and film, and coolants — in bulk, ISO tanks, flexitanks and drums on FOB and CFR/CIF.

Full specifications & enquiry: ametheus.com/mono-ethylene-glycol-meg/

Paraxylene (PX)

High-purity paraxylene (99.7% min) — the feedstock for PTA and polyester — in bulk parcels and ISO tanks on FOB, CFR/CIF and ex-tank terms.

Full specifications & enquiry: ametheus.com/paraxylene-px/

Styrene Monomer

TBC-inhibited polymer-grade styrene monomer (99.8% min) for polystyrene, EPS, ABS and SBR, in bulk parcels and ISO tanks on FOB and CFR/CIF.

Full specifications & enquiry: ametheus.com/styrene-monomer/

Linear Alkyl Benzene (LAB)

Detergent-grade linear alkyl benzene, the main raw material for LABSA and synthetic detergents, in ISO tanks, flexitanks, drums and bulk on FOB and CFR/CIF.

Full specifications & enquiry: ametheus.com/linear-alkyl-benzene-lab/

Base Oil SN500

Virgin Group I heavy-neutral base oil SN500 for engine, gear and industrial oils, in flexitanks, ISO tanks, drums and bulk on FOB and CFR/CIF.

Full specifications & enquiry: ametheus.com/base-oil-sn500/

Bitumen 60/70

Penetration-grade paving bitumen 60/70 — the standard hot-mix asphalt binder — in drums, jumbo bags, bitubags and bulk for road contractors in India and abroad.

Full specifications & enquiry: ametheus.com/bitumen-60-70/

PVC Resin

Suspension-grade PVC resin (K-57 to K-70) for pipes, profiles, cable and film, in 25 kg bags by full container on FOB and CFR/CIF.

Full specifications & enquiry: ametheus.com/pvc/

Polymer

Commodity thermoplastics — LLDPE, LDPE, HDPE (PE100), PP, PET bottle grade and polycarbonate — as virgin pellets by full container on FOB and CFR/CIF. Buyers share grade, MFI and port.

Full specifications & enquiry: ametheus.com/polymer/

COMMODITIES · FERTILIZERS

Fertilizers

ametheus.com/fertilizers/

Ametheus supplies structural fertilizer and fertilizer-feedstock cargoes to industrial buyers, blenders and trade partners. Execution is FOB load port or CIF/CFR discharge port — not farm-gate retail. Final specification is confirmed on each stem.

Product snapshot

- Urea 46-0-0 — prilled/granular; typical lots 10–25 kt
- Sulphur — granular/lump feedstock for acid & phosphate plants
- Rock phosphate — raw material for phosphate production
- DAP 18-46-0 — basal N+P fertilizer
- MOP 0-0-60 — standard potash for importers/blenders
- SOP 0-0-50 + 17–18% S — chloride-free potash; lots 1–5 kt

Commercial terms

- Incoterms 2020: FOB load port, or CIF/CFR discharge
- India discharge focus: Kandla, Mundra, Paradip

FERTILIZER PRODUCTS

Urea 46-0-0

An overview of fertilizer urea (46% N): how prilled and granular forms differ, the specification a cargo buyer should lock, and how to buy without surprises.

Full specifications & enquiry: ametheus.com/urea-46-0-0/

Prilled Urea

Prilled urea 46-0-0 — small spherical prills from a prilling tower — with technical specification, benefits, applications, packaging and storage guidance.

Full specifications & enquiry: ametheus.com/prilled-urea/

Granular Urea

Granular urea 46-0-0, the most widely used solid nitrogen fertilizer, with specification, benefits, applications, packaging and storage guidance.

Full specifications & enquiry: ametheus.com/granular-urea/

Sulphur Coated Urea

Controlled-release sulphur coated urea in grades 37-0-0-17 (Urea Gold), 37-0-0-10/15 and 35-0-0-15, with a buyer specification and enquiry sheet for FOB/CIF/CFR cargoes.

Full specifications & enquiry: ametheus.com/sulphur-coated-urea-sco/

Sulphur

Elemental sulphur (99.5–99.9%, CAS 7704-34-9, UN1350) in granular, lump, flake and powder forms, in bulk or jumbo bags, for fertilizers, sulphuric acid, rubber, sugar and other industries.

Full specifications & enquiry: ametheus.com/sulphur/

Lump Sulphur

Lump elemental sulphur (99.5% min, often 99.8–99.9%) — low-dust and moisture-resistant, easy to handle in bulk — for industrial and fertilizer users.

Full specifications & enquiry: ametheus.com/lump-sulphur/

Granular Sulphur

Granular elemental sulphur (99.5% min, often 99.9%) — uniform, free-flowing granules for agriculture and as a soil amendment — with specification, benefits, packaging and storage.

Full specifications & enquiry: ametheus.com/granular-sulphur/

Rock Phosphate

Natural rock phosphate (typically 28–40% P_2O_5 by origin), the raw material for SSP, TSP, MAP and DAP, and a slow-release phosphorus source.

Full specifications & enquiry: ametheus.com/rock-phosphate/

Diammonium Phosphate (DAP)

Diammonium phosphate 18-46-0, a high-analysis N+P basal fertilizer, with specification, benefits, applications, packaging and storage.

Full specifications & enquiry: ametheus.com/diammonium-phosphate-dap/

Muriate of Potash (MOP)

Muriate of potash (KCl) 0-0-60, the most widely used potassium fertilizer, with specification, benefits, applications and packaging.

Full specifications & enquiry: ametheus.com/muriate-of-potash-mop/

Sulfate of Potash (SOP)

Sulfate of potash (K_2SO_4) 0-0-50 + 17–18% S — a premium chloride-free potassium fertilizer for chloride-sensitive crops.

Full specifications & enquiry: ametheus.com/sulfate-of-potash-sop/

ERW Soil Conditioner

Aalphaa Soil (HSN 31010099) is a proprietary enhanced rock weathering soil conditioner combining finely processed basalt with an organic blend, for carbon removal and soil regeneration on tropical and subtropical farms.

Full specifications & enquiry: ametheus.com/erw-soil-conditioner/

ENERGY MINERALS, ORES & METALS

Coal

Thermal (steam) and coking coal from Indonesia, South Africa, Australia and Russia, with GAR/NAR specifications, CFR/FOB terms and SGS inspection.

Full specifications & enquiry: ametheus.com/coal/

Petcoke

Fuel-grade petcoke (around 8,200 kcal/kg) and calcined petroleum coke (CPC) for cement, power and aluminium, with specifications by sulphur grade and bulk-vessel supply on CFR/FOB.

Full specifications & enquiry: ametheus.com/petcoke/

Iron Ore

Indian-origin iron ore fines, lumps and pebbles for steel mills, traders and pellet/sinter plants, with typical commercial specifications, sampling (ISO 3082) and contract framework.

Full specifications & enquiry: ametheus.com/iron-ore/

Bauxite

Metallurgical bauxite — the principal ore of aluminium and feedstock for alumina — for alumina and aluminium producers and other industrial uses, on CFR/FOB terms.

Full specifications & enquiry: ametheus.com/bauxite/

A7 Aluminium

A7 aluminium re-melt ingots (99.7% min Al) for the automotive, aerospace, construction and electrical industries, with specification, packing and commercial terms.

Full specifications & enquiry: ametheus.com/a7-aluminium/

SECTION 06

Rice

Ametheus rice brands and a full range of Indian basmati and non-basmati varieties, with packaging options and MOQ.

- Rice brands
- Basmati varieties
- Non-basmati long & short grain varieties
- Packaging options & MOQ

RICE · BRANDS

Rice Brands

ametheus.com/rice-brands/

Rice varieties may carry numbers, but it is the trust consumers place in a brand that defines the experience. Ametheus offers its own rice brands for retail and wholesale buyers across basmati and non-basmati ranges, alongside a full range of Indian rice varieties.

Brands

- Ametheus Basmati Rice — Supreme, Celebration and day2day series
- Ametheus Non-Basmati Rice — Supreme and Celebration series
- Aalphaa Sona Masoori Rice

Varieties in this section

- Basmati: 1121, 1401, Pusa, Traditional, Sugandha, Sharbati; Dubar/Tibar/Mogra
- Non-basmati: IR 64/IR 36, premium long grain, PR 11, PR 14, Swarna, Sona Masoori
- Aromatic: Jeerakasala, Gobindobhog · 100% broken rice
- Packaging options & MOQ

AMETHEUS RICE BRANDS

Ametheus Basmati Rice

Ametheus's own basmati brand in three series — Supreme (premium), Celebration (regular) and day2day — across steam, sella, golden sella and biryani rice, plus Tibar, Dubar and Mogra. Pack codes from 1 kg to 50 kg.

Full specifications & enquiry: ametheus.com/ametheus-basmati-rice/

Ametheus Non-Basmati Rice

Ametheus non-basmati brand series (Supreme, Celebration) covering long- and short-grain parboiled and white rice, white round rice, Jeera Kasala and Miniket, with pack codes from 1 kg to 50 kg.

Full specifications & enquiry: ametheus.com/ametheus-non-basmati-rice/

Aalphaa Sona Masoori Rice

Aalphaa brand Sona Masoori rice for export in 18 kg packs, FOB India.

Full specifications & enquiry: ametheus.com/aalphaa-sona-masoori-rice/

BASMATI RICE

Basmati Rice

Authentic Indian basmati with its characteristic aroma and elongation, offered in raw, steam and sella forms across 1121, 1401, 1509 and Pusa varieties.

Full specifications & enquiry: ametheus.com/basmati-rice-2/

1121 Basmati Rice

1121 basmati in raw, steam, sella and golden sella grades.

- HS 10063010; average grain length 8.25 mm; elongation 14.00 mm
- Moisture under 12.5%; broken under 1%

Full specifications & enquiry: ametheus.com/1121-basmati-rice/

1401 Basmati Rice

1401, an early-maturing improved aromatic basmati, offered in steam, sella and golden sella forms with private label and 1–50 kg bags, FOB Mundra/Kandla.

Full specifications & enquiry: ametheus.com/1401-basmati-rice/

Pusa Basmati Rice

Pusa basmati — long, aromatic, non-sticky grains — in steam, sella and golden sella, with private label and 1–50 kg bags, FOB Mundra/Kandla.

Full specifications & enquiry: ametheus.com/pusa-basmati-rice/

Traditional Basmati Rice

Traditional basmati, prized for authentic flavour and aroma and grains that nearly double in length on cooking, offered in raw and sella forms.

Full specifications & enquiry: ametheus.com/traditional-basmati-rice/

Sugandha Basmati Rice

Sugandha basmati — highly aromatic with slender grains — in raw, steam, sella and golden sella forms for households, restaurants and catering.

Full specifications & enquiry: ametheus.com/sugandha-basmati-rice/

Sharbati Basmati Rice

Sharbati basmati in sella and steam forms (average grain length 7.10 mm; moisture 13% max), packed in jute, PP or non-woven bags as required.

Full specifications & enquiry: ametheus.com/sharbati-basmati-rice/

Dubar | Tibar | Mogra Basmati Rice

Broken basmati grades — Dubar, Tibar, Mogra and Mini Mogra — explained with specifications and uses, an economical choice for everyday cooking.

Full specifications & enquiry: ametheus.com/dubar-tibar-mogra-basmati-rice/

NON-BASMATI RICE

Long & Short Grain Rice

A guide to Indian non-basmati long- and short-grain rice — which accounts for the vast majority of India's rice output — comparing IR 64, PR 11, PR 14, Swarna and more.

Full specifications & enquiry: ametheus.com/longgrain-shortgrain-rice/

IR 64 and IR 36 Long Grain Rice

IR 64 and IR 36 long-grain rice from South Indian mill clusters, double polished, silky and Sortex cleaned.

- IR 64: moisture max 14%; broken max 5%; AGL 5.8–6.2 mm

Full specifications & enquiry: ametheus.com/ir-64-and-ir36-long-grain-rice/

Premium Long Grain Rice

Premium non-basmati long-grain varieties — Miniket, Banskathi, RH-10, Ratna (IET 1411) and Parmal PR106/PR47 — in raw, steam, sella and golden sella forms.

Full specifications & enquiry: ametheus.com/premium-long-grain-rice/

PR11 Long Grain Rice

PR 11 long-grain rice in raw, steam, sella and golden sella forms, used for meals, snacks, noodles and sweets, in tamper-proof packaging.

Full specifications & enquiry: ametheus.com/pr11-long-grain-rice/

PR14 Long Grain Rice

PR 14 long-grain non-basmati rice from the northern states of India, with natural aroma, in raw, steam, sella and golden sella forms.

Full specifications & enquiry: ametheus.com/pr14-long-grain-rice/

Swarna Short Grain Rice

Swarna, India's widely grown short-grain rice (AGL 5–5.5 mm), in raw, steam and parboiled forms from 0% to 25% broken, Sortex cleaned.

Full specifications & enquiry: ametheus.com/swarna-short-grain-rice/

Sona Masoori Rice

Sona Masoori, a lightweight aromatic medium-grain rice, low in fat and starch, in raw, steam and sella/parboiled forms with private label packing.

Full specifications & enquiry: ametheus.com/sona-masoori-rice/

Jeerakasala Rice

Jeerakasala (Jeera / Kaima / Wayanadan) — a small-grain aromatic rice from South India — with specification.

Full specifications & enquiry: ametheus.com/jeerakasala-rice/

Gobindo Bhog Rice

Gobindobhog, West Bengal's aromatic short-grain rice with a sweet, buttery flavour and GI recognition, with growing demand in the Middle East.

Full specifications & enquiry: ametheus.com/gobindobhog-rice/

100% Broken Rice

Indian 100% broken rice for food and feed: parboiled and raw white, Sortexed or non-Sortexed, with specs, packing and FOB India terms.

Full specifications & enquiry: ametheus.com/100-percent-broken-rice/

PACKAGING & MOQ

Packaging Option & MOQ

Rice packing options with custom printing to your artwork.

- PP/BOPP bags: 5, 10, 50 kg · Jute bags: 5, 10, 20 kg
- Tyvek paper packs: 5, 10, 20 kg · Poly pouches: 500 g–5 kg
- PET jars: 2, 5 kg · Festival packs: 2 kg
- Minimum order quantity: 100 MT

Full specifications & enquiry: ametheus.com/packaging-and-moq/

SECTION 07

Consultancy · Trade Finance & Technology

Trade finance facilitation, supply chain finance, technology and Enhanced Rock Weathering.

- Trade Finance
- Supply Chain Finance
- Technology
- Enhanced Rock Weathering

Trade Finance

Ametheus Holdings is a trade finance consultant and facilitator, not a lender. It works with selected companies on a B2B basis to structure import credit lines and arrange Letters of Credit from limit holders through scheduled banks, with validity typically of 90–180 days, specialising in alternative and complex funding for international trade.

Full specifications & enquiry: ametheus.com/trade-finance/

Supply Chain Finance

A reverse-factoring structure in which a Singapore/Hong Kong-based fund pays the supplier 100% upfront while the importer receives up to 150–180 days' credit.

- Unsecured, off-balance-sheet, no margin money
- Exposure USD 5–100 mn depending on importer creditworthiness
- Indicative cost 11–12% p.a.; revolving and sector-agnostic

Full specifications & enquiry: ametheus.com/supply-chain-finance-scf/

Technology

Ametheus is a technology-first enterprise focused on decision-making intelligence for commodity trading, while expanding into quick commerce (D2C). It keeps in-house ownership of architecture and algorithms, working with specialised partners for execution — with strengths in ultra-low-latency systems, analytics and real-time market and supply-chain data.

Full specifications & enquiry: ametheus.com/technology/

Enhanced Rock Weathering

Enhanced Rock Weathering applies finely ground basalt to farmland to restore nutrient-depleted tropical soils and permanently remove CO_2 — turning farmland into carbon sinks while remineralising the soil.

Full specifications & enquiry: ametheus.com/enhanced-rock-weathering/
